Do you want to be that person who just missed the boat or the only person in the classroom who doesn't understand? In this book, Eric Danfield reveals the simplicity of the Christian faith, and brings you to a crossroad of change. Not only will you discover Christianity in a way that you've never known it before, you will also learn to be a person after God's own heart. Choose to Trust is not just a book to be read, it's a choice to be lived out. It's time to step out of the crowd and become one of the few.

In twelve rich stories that move from smalltown Ontario to old-time Hollywood, from devotion in a tiny Irish parish to the three-ring piety of Lourdes, Stephen Finucan makes a startling appearance on the CanLit frontier. Finucan's vibrant characters face poignant battles with religion, courage, and daily life. In ''On Angel's Wings'' an apparition of the Virgin Mary is run down by a drunken Rotarian's El Camino on Founder's Day, and an eight-year-old boy struggles to understand the meaning of faith. In ''The Honeymooners'' an elderly man decides it's finally time to take his Alzheimer's-stricken wife on the vacation he's been promising her for sixty years. And in ''Windows'' a recent divorcee empowers herself through home renovation. In these worlds, subtle gestures and minor events can suddenly turn lives in exactly the opposite direction of where they were supposed to lead.
