Mr. Kay is a fine storyteller who'll never be more than a second rate author if he continues using his characters as nothing more than props to push his delusional, muddle brained politics. No one cares how "woke " your characters are, Mr. Kay.

high school. Then he stumbles upon the ritual, and the cultists, and two bound and bloodied women. Alex intervenes and the ritual blows up in his face, leaving him bound to them both: Rachel and Lorelei, an angel and a succubus. It's hardly the sort of challenge a guy can face with dignity when he still lives at home with his mom. Alex never imagined falling for an immortal demon seductress, or that he'd spend his nights dodging her co-workers, her old boss, and every other supernatural freak in Seattle. He never thought a woman like Lorelei could have a rival like Rachel, either. But then, nobody ever said adulthood would be easy. **WARNING:** "Good Intentions" contains explicit sexuality, violence, nudity, inappropriate use of church property, portrayals of beings divine and demonic bearing little or no resemblance to established religion or mythology, trespassing, bad language,

Alex Carlisle owes a debt beyond cash. Once upon a time--all of three months ago--Alex found himself in a foreign land hunted by mercenaries and demon lords. Only the intervention of a sultry, playful jinn got him home again. Zafirah didn't help him for free. Now she's come to collect. With her sights set on a dangerous family of ancient sorcerers, Zafirah needs every edge. She needs not only Alex, but the friends and lovers he brings with him. Her quest threatens to extract a price from angel, demon, and mortal alike... and most especially the witch who brought them all together. **WARNING: PAST DUE** contains explicit sex, explicit violence, explicit expletives, murder, attempted murder,

All it takes is a single brush with the supernatural to change a life forever. Some choose the path of magic and shadow willingly. Others never see the hand of magic as it shapes their fortunes. They face the extraordinary with nothing but courage and wits to guide them. Some mortals become trapped in the conflict between angels and demons and find themselves forever changed. For all too many, the shadows lead only to an untimely end. For some, however, the shadows offer seductive experiences that draw the newcomer further in... "WE REQUIRE A DIFFERENT BATTLEFIELD." Nobody expected the war to last three hours, let alone three years. The star system of Archangel holds the line against invading corporate fleets, but a quarter of its territory is already lost. The navy can't hang on much longer. leaders shift their strategy to diplomacy and espionage. For both arenas, they call upon a reluctant weapon: a frontline grunt named Tanner Malone. These days, Tanner doesn't aspire to win the war. He merely wants to survive it. Now he'll be thrust into the center of events once again, pulled back and forth from covert missions to the media spotlight. Yet with every battle, he gets closer to the old enemy hidden in the shadows, and the ugly truth about the war that could unravel everything Archangel might hope to win.

Bahzell Bahnakson, one of the Hradani, a race that is despised for their rages, thirst for blood, and generally uncivilized behavior, runs afoul of the War God and ends up in trouble involving sorcery, demons, and a great deal more. Reprint.

navy post in the honor guard. After surviving violent conflicts with space pirates in the void, he hopes to stay out of the stars for a while. But when the government of Archangel, a prosperous Union state including four terraformed worlds, makes a dangerous decision to defy the Big Three's corporate dominance, war threatens the galaxy. The interstellar fighting escalates, and duty calls a reluctant Tanner to the front lines, where it becomes more and more difficult to tell the difference between politician, pirate, and protector. When secret intel reveals a vast network of bloody covert operations, along with a rigged economic system that enslaves its members, Tanner finds himself at the perilous intersection between the government, the Big Three, and pirates who will stop at nothing to remain free.

The Union of Humanity exists only because the aliens demanded it. After a hundred different treaties and countless broken promises, mankind's powerful neighbors forced humanity into a common defense and a single diplomatic voice. Yet within the Union's borders, the human race is as fractious as ever. When the star system of Archangel is invaded by the three greatest corporations in human space, the Union is powerless to intervene. Corporal Alicia Wong thrives on the front lines. She doesn't like the war, but she likes the challenges and the clear-cut goals. She likes knowing who her friends and enemies are, too. Yet after uncovering evidence of alien contact in violation of Union laws, Alicia finds herself in a world of espionage and covert missions. Before it's all over, her choices may change the course of Archangel's war-and humanity's future.

Just as Tanner begins basic training, the government ramps up its forces to confront a band of rowdy raiders who are wreaking havoc in the void. Led by complex and charismatic Captain Casey, the outlaws love a little murder and mayhem, but they are also democratic, egalitarian, and devoted to freeing each new recruit from debt and corporate oppression.
