Pantheism's enticingly heretical vision of the relationship between the divine and matter has historically been denied a serious place in scholarship. As Pantheism across the World's Traditions shows, the dynamism between matter and spirit that pantheism offers has had a profound influence in the modern world.

In modern pantheism a new paradigm is emerging, one eminently suited to a world view that can no longer shake off the realities of our evolving species and our evolving technological world. Pantheism's enticingly heretical vision of the relationship between the divine and matter has been historically denied the front door.
