Saving Scotty -Broken BK 2 Your common day slang is up to date in these books but the editing is still lacking and the writing style still raw. The storyline is still engaging and interesting, and in this book is more dark than romantic.

Would you consider the audio edition of Saving Scotty: Broken Book 2 to be better than the print version? I haven't read the print version, so, I have no opinion on which is better. What other book might you compare Saving Scotty: Broken Book 2 to and why? I can't think of any other book I woul compare it too except the first one in the series.

Scotty is sure that she was betrayed by Nick, so she wants nothing more to do with him. Unfortunately, her life is endangered by Mr. Lucas, as she is abducted by him and spirited away to an island far away from New York City. Nick begins a desperate search for Scotty, knowing that every minute that Scotty is in the hands of Mr. Lucas is another minute that she is horribly suffering. But can he find her before too much damage is done? And can he convince her, once and for all, that he did not betray her? And, in the end, can he finally convince her to truly trust him? Or is she still just too broken?

Nick O'Hara is, for lack of a better word, a man-wh***. Look in the Urban Dictionary under that word, and his name will no doubt be mentioned. The only qualifications that he looks for in a bed-mate is that the person is hot and breathing. Mainly hot. He has no desire for an emotional connection with another person, and that's the way he lives his life. He has his fabulous wealth and his reputation as a premiere architect, and that's enough for him. Until Scotty James. Scotty is a graduate student at Columbia University in New York City. She's broken from traumatic experiences from her years in foster care and homelessness. She has a vulnerability that is intoxicating to Nick, because, deep down, he knows that he is as broken as she. When Nick pursues Scotty, it seems that she is the only woman who doesn't want to be with him. At first she's a challenge, but Nick soon finds himself falling in love for the first time in his life. With a woman who wants nothing to do with him. Can Scotty overcome her trust issues and fear to let Nick in? Or will she prove to be too broken to trust? This is a full-length, 95,000 word, New Adult novel with mature themes.

There are two sides to every story. It's friends-at-first-sight for Jessie and Annie, proving the old adage that opposites attract. Shy, anxious Jessie would give anything to have Annie's beauty and confidence. And Annie thinks Jessie has the perfect life, with her close-knit family and killer grades. They're BFFs . . . until suddenly they're not. Told through alternating points of view, How It Ends is the story of a friendship from first meeting to breakup, set against a tumultuous sophomore year of bullying, boys, and backstabbing. Catherine Lo makes her debut with an honest, nuanced tale about the intricacies of female friendship.

A serial killer on the loose. A mystery that must be solved before time runs out.

The friendship between Ennis del Mar and Jack Twist, two cowboys, evolves into an intimate relationship while they are working together as a herder and camp tender, sharing a bond that spans many years and frequent separations.

Enemies. Foes. Until one night changed them forever.The small town of Severton doesn't have many secrets. One of the few is exactly why Scott Maynard, bar owner and search and rescue hero, refuses to speak, acknowledge or even breathe the same air as Keren Leigh.Keren has been Severton's dentist for far too long and now she's ready to move to the city, escaping the war with Scott and broadening her dating circle in the hope of a future that doesn't just consist of evenings at home alone with a book, ancient pyjamas and a glass of wine.All it takes is a one-night ceasefire for all of her plans and their decade-long feud to be stirred up. But they're not the only ones to be shaken: Severton has acquired its own arsonist and other secrets are being exposed, leaving a completely different battle to be fought.Warning: contains alpacas, retired ladies who make their own gin and have an eye for younger gentlemen plus an alternate use for a bath.This steamy small town enemies to lovers romance is part of the Severton Search & Rescue series but can be read as a stand-alone.

'A perfect story to read now the colder weather is drawing in' - Book Reviews by Claire Do you believe in ghost stories? 'I'm coming to find you, ready or not.' There's not much that scares Annie Graham. Not even the horrors she has witnessed during her years on the police force.

"She'd gone home once to her mama's house trying to get out of it, but her mama told her that 'a good woman don't go off on her husband'..." [pg. 4] Annie Huckaby is almost resigned to life on the farm with Tom, who works at a coal mine during the week, leaving Annie to take care of the house and their infant son while an ex-convict named Jim takes care of the farm. Twila visits every day and helps Annie make a little money of her own selling eggs to the café. And there's church on Sunday. Annie is not always alone, but still, she's lonely...until one afternoon, a peddler named Jake Stern wanders onto the porch wearing a clean white shirt, selling notions and tenderness."This novel rings true on many levels and women will especially grasp its message" - Alan Caruba, Charter Member of The National Book Critics Circle "Tom's Wife is a compelling read" - Dr. Arthur Dechene, Austin City College"A poignant story of a dirt poor family during the Great Depression" - Kaye Trout Books

1945 and 2015. Seventy years apart, two girls named Annie move into the same room in the same remote house. Their lives are very different, but tragedy is about to bring them crashing together. Annie Riley has just broken both her legs. Unable to get out of bed, she's holed up in her new room and completely reliant upon her family for company. She's also the first to notice a series of strange noises in the house, but her parents and brother think she's just letting her imagination run overtime. And then, one night, Annie realizes that while she's trapped in her bedroom, something sinister is haunting the rest of the house... Seventy years ago, Annie Garrett lived in the same house with her parents. This Annie, however, was very different. Bitter and vindictive, and hopelessly devoted to her father, she developed a passionate hatred for her mother. History records that Annie eventually disappeared while her parents were executed for her murder, but what really happened to Annie Garrett, and is her ghost still haunting the house to this day? Annie's Room is the story of two girls whose lives just happened to be thrown together by an unlikely set of circumstances, and of a potent evil that blossomed in one soul and now threatens to consume another.
