Diesel: 1.9 litre (1896cc), inc. turbo-Diesel.

No other resource matches the timely, thorough, and accurate political information provided by the best-selling Political Handbook of the World. With more in-depth coverage of current political controversies than any other reference guide, Political Handbook of the World 2012 is the most authoritative source for finding complete facts and analysis on each country's governmental and political makeup. Featuring 200 entries on countries and territories throughout the world, this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system. It also provides names of key ambassadors and international memberships of each country, plus detailed profiles of more than 30 intergovernmental organizations and UN agencies.

A guide to Latin American history includes a chronology of key events from pre-Columbian history through the present, a thematic survey following each topic (economic change, cultural development, politics and government) across time, and 300 biographies of Latin Americans throughout history.

I value the traditional virtues of the Companion Guides... actually written by an individual rather than packaged by production teams... straightforward intelligent guides to cultural sites. BOOKSELLER Andalusia in its heyday, after the invasion of the Moors in 711, was famous for its wealth and fertility, and the province's Moorish character remains distinct; even before the Moors, the Phoenicians, the Romans and the Vandals had all been drawn to this beautiful land. The Moors cultivated science and the arts, and their influence was felt throughout western Europe - in the songs of the troubadours, the poems of Dante and the discoveries of Copernicus; their merchants enriched the province; their courtiers and architects set new standards of luxurious living. This glory finally ended in 1492, when the Christian armies of the Reconquista entered Granada, but much remains in the three Moorish towns of Cordoba, Seville and Granada, and the country round about, to recall the great times. Alfonso Lowe is an admirable guide, from the intricacies of the distinction between Mozarabic and Mudejar Moorish styles to the characteristic dishes to be found in restaurants and bars - and to the adjacent territories of Murcia and the greater part of Alicante.
