text' 'Invaluable text' `This edition retains the same informative and accessible style and broadly the same order of contents as the First Edition, which makes it easy for readers to track down key changes. The author's extensive experience in the field of ethics in counselling and his experience as Chair of BACP underpin this updated, essential and authoritative Second Edition' - British Journal of Guidance and Counselling 'Tim Bond has done a great service to the counselling profession by writing, and now updating, this book... His particular strength must surely be his clarity in acquainting counsellors with the complexities of British law. After an introduction, he starts with an exploration of the origins and scope of counselling. He then exemplifies cases in which a counsellor's personal and

Professional values collide. He has collected together a host of ethical dilemmas that counsellors might have to face' - Naomi Stadlen, Journal of the Society for Existential Analysis This highly acclaimed guide to the major responsibilities which trainees and counsellors in practice must be aware of before working with clients has now been fully revised and updated. The Second Edition examines issues fundamental to the process of counselling. A wide range of ethical problems are discussed and advice is given for resolving these dilemmas. Tim Bond outlines the values and ethical principles inherent in counselling and points out that the counsellor is at the centre of a series of responsibilities: to the client, to him/herself as a counsellor and to the wider community. He covers topics

Asian such as: confidentiality; legal aspects of counselling; working with suicidal clients; false or recovered memory; record- keeping; and the importance of adequate supervision.

"It is one thing to discuss these matters clearly and often, but it is another to make them living experiences for the reader. I am particularly impressed by the many ways in which the authors strive to involve the readers, whether it be by presenting dilemmas to consider or spelling out activities that highlight the points under consideration. This not only is a book that students will read with interest and enthusiasm, it also is one that will make the task of the instructor clear and easier to

accomplish."- George Stricker, PhD, Argosy University The only text to integrate ACA and APA ethics standards and address ethical aspects of self-care This is the first textbook to integrate both ACA and APA standards of ethics for programs spanning both counseling and psychology disciplines. It provides a clear, comprehensive review of ethical standards and guidelines by the ACA and APA and distills the essence of both to find common ground for counselors and psychologists to understand and engage in ethical decision-making. The text also clarifies legal requirements at state federal levels, and facilitates critical thinking regarding the complex intersections of legal requirements and ethics codes in a way that is easily understandable. Focusing on key

Issues such as confidentiality, professional boundaries, professional and multicultural competence, social media, and situations with colleagues, the book is also unique in its inclusion of how ethical guidelines are impacted by self-care. Chapters engage readers with self-assessment questions, illustrative case vignettes, and discussion questions. A glossary of terms helps to clarify legal and ethical terminology and additional resources direct readers to more in-depth research. The text is ideally suited to meet the needs of both CACREP and non-CACREP programs that train counselors who work in an interprofessional climate of mental health care . It is also useful for undergraduate programs in addiction and substance abuse services counseling. An Instructor ' s Manual

ten-step model for ethical decision making guides students and practitioners as they work through and analyze complicated ethics cases that demonstrate some of the most challenging dilemmas they will face. Updated to integrate the new 2014 ACA Code of Ethics, this edition also explores how technology (including social networking) relates to ethical issues, and discusses the ethical issues that may arise when counseling clients from different cultural backgrounds, clients with disabilities, older adults, and clients at risk of harming others and themselves. The text familiarizes readers with the field's key scholarly writings and, by examining emerging ethical issues, enables students to advance beyond their basic awareness and knowledge of the professional codes of ethics.
