The GSX-R600 is the first production Suzuki motorcycle to benefit from this proven MotoGP racing technology. On the racetrack, that translates to better drives out of corners and higher top speeds. On the street, it means that the GSX-R600 doesn't have to be revved as much to accelerate briskly away from a stop. Both GSX-Rs feature a repositioned engine management computer (also known as the ...

Suzuki GSX-R 750: The Suzuki GSX-R750 is more than just a motorcycle it is the cornerstone of the GSX-R line. Indeed, it is the original GSX-R. When the original GSX-R750 was introduced in 1985, it established an entirely new class of machine. The GSX-R750 took over the grid in production-based road racing worldwide, becoming the racebike of choice for an entire generation of roadracers.

Moving to a new Amish settlement in small-town Colorado was a brave new start for independent-minded quiltmaker Esther Kiem. But helping her reckless relative will really put her special matchmaking skills to the test . . . Mischievous and rebellious, young Ben Kiem is making the wrong kind of name for himself throughout the town of Byler. And even though his sister-in-law, Esther, somehow coaxes him into keeping company with sensible Linda Eicher, Ben can't see anything they have in common. Or that he could

ever be good enough for someone like her. But Linda's down-to-earth nature and unexpected understanding have Ben trying his best to be better, no matter how challenging . . . Linda couldn't be more surprised when Ben turns out to be caring and helpful, despite his rowdy pranks and bad-news friends. And falling in love with him suddenly seems just right. But when a heartbreaking misunderstanding comes between them, both she and Ben must risk enough to trust, stitch the pieces back together—and dare a forever precious happiness. Praise for Jennifer Beckstrand and Abraham "This is an endearing romance that fans of Wanda Brunstetter will love." —Publishers Weekly

This edited volume proposes that an understanding of ASEAN – its development and institutionalization – is invaluable to our conception of international relations theory in the Asian context. Southeast Asia and ASEAN host peoples, ideas, institutions, and relations that contribute to a critical reassessment of theories in social sciences. In the field of IR, studies on transnational networks, diasporas, small states, middle powers, the role of history, and identity learn from Southeast Asian practices. ASEAN has long been established as an authoritative example of alternative ways of regional institutionalization. Besides empirical analysis, these fields can also benefit from their interactions with regional scholarly communities. This edited book offers an opportunity for a dialogue among scholarly communities on a variety of issues of which Southeast Asia and ASEAN provide ample opportunities for a critical analysis. This book will be of great interest to scholars of ASEAN, the broader Asian region, and for scholars of regionalism in general.

four decades, delivered in his signature, wise but amusing, style. Peter Egan's writing invites you to pull up a chair, pour a little scotch, and relax while he shares with you his tales from the road, his motorcycling philosophy, and his keen observations about the two-wheeled life. For some forty years, Peter Egan's columns and feature articles have been among Cycle World's most anticipated monthly content. Egan's legions of fans know they will gain a fresh perspective on motorcycling from each of his articles. Drawings from motoring artist Hector Cademartori beautifully illustrate Egan's musings, and a foreword by super-enthusiast Jay Leno introduces the book. This is an unforgettable collection from a master writer whose simple adventures of two-wheeled life remind us why we love to ride.
