This was made into a movie "The Food of the Gods" (1976) and closer to the book "Night of the Lepus" (1972) which was an early form of Rabbit Transit. As with all of HG's work this is more of a social commentary than it is a sci-fi story. A scientist finds a way or a food to keep growth from being inhibited. It gets out of hand in several stories each tied together with the single theme. The ...

Food of the Gods is more borderline-enjoyable big insect/animal camp from Bert Gordon. This time a food-like substance turns farm animals and rats into giant monsters who commence to eating the cast one by one. So basically it's like all his other movies. I usually dislike these types of films, but Gordon at least makes them fun.
