His disappearance and the never ending insistence by Elijah Muhammad, that his teacher was in fact God in person. This title examines Elijah Muhammad's historical, empirical as well as theological positions regarding Master Fard Muhammad's birth and whereabouts. The arguments are quite enlightening.

SOON TO BE A MAJOR MOTION PICTURE The international bestseller, Booker Prize winner, and winner of the 2001 Commonwealth Writers' Prize for Best Book. Out of 19th century Australia rides a hero of his people and a man for all nations: Ned Kelly, the son of poor Irish immigrants, viewed by the authorities as a thief (especially of horses) and, as a cold-blooded killer. To the people, though, he was a patriot hounded unfairly by rich English landlords and their stooges. In the end, Kelly and his so-called gang (his younger brother and two friends) led a massive police manhunt on a wild goose chase that lasted twenty months, in which Ned's talents as a

bushman were augmented by bank robberies and the support of nearly everyone not in a uniform. His one demand — for which he would have surrendered himself was his jailed mother ' s freedom. Executed by hanging more than a century ago, speaking as if from the grave, Kelly still resonates as the most potent legend in the land down under.

Messenger Elijah Muhammad was considered, by the national as well as the international press, as one of the most inaccessible men in America; if the press, white or Negro, wanted to see Elijah Muhammad, they had to come to him: a degree of significance earned by Messenger Muhammad, and commanded by integrity. In an effort to ensure the clarity and sanctity of his message and history, this book draws from his own words to explain and elaborate on sensitive subjects like his mission, domestic life, family, and his relationship with his teacher, Master Fard Muhammad. It also delves into his relationship to other prophets, the paralleled work accomplished to substantiate his fulfillment, and important unpublished writings from his desk surrounding controversial matters perpetuated in today's public media.

Masters of Doom is the amazing true story of the Lennon and McCartney of video games: John Carmack and John Romero. Together, they ruled big business. They transformed popular culture. And they provoked a national controversy. More than anything, they lived a unique and rollicking American Dream, escaping the broken homes of their youth to co-create the most notoriously successful game franchises in history—Doom and Quake—until the games they made tore them apart. Americans spend more money on video games than on movie tickets. Masters of Doom is the first book to chronicle this industry ' s greatest story, written by one of the medium ' s leading observers. David Kushner takes readers inside the rags-to-riches adventure of two rebellious entrepreneurs who came of age to shape a generation. The vivid portrait reveals why their games are so violent and why their immersion in their brilliantly designed fantasy worlds offered them solace. And it shows how they channeled their fury and imagination into products that are a formative influence on our culture, from MTV to the Internet to Columbine. This is a story of friendship and betrayal, commerce and artistry—a powerful and passionate account of what it ' s like to be young, driven, and wildly creative. “ To my taste, the greatest American myth of cosmogenesis features the maladjusted, antisocial, genius teenage boy who, in the insular laboratory of his own bedroom, invents the universe from scratch. Masters of Doom is a particularly inspired rendition. Dave Kushner chronicles the saga of video game virtuosi Carmack and Romero with terrific brio. This is a page-turning, mythopoeic cyber-soap opera about two glamorous geek geniuses—and it should be read while scarfing down pepperoni pizza and swilling Diet Coke, with Queens of the Stone Age cranked up all the way. ” —Mark Leyner, author of I Smell Esther Williams

The history of the God Tribe of Shabazz is one of the most elusive subjects of the Supreme Wisdom as taught by Messenger Elijah Muhammad, partly because it is spread out over so much time, on so many lectures and in so many different articles. The Tribe of Shabazz is not simply the offspring of a group of people who were the product of a disgruntled scientist who went into Africa to prove that He could "make a people that could withstand anything," but a continuum of a vein of expression characteristic of how we as black people, who, when in our natural mind did things that were still superior to the best minds of mankind today. We are so far from what is actually natural for the Blackman, that we think that the trial and error mode of operating of this civilization today is brilliance; when in fact, the incidental actions of the Original Blackman is considered SUPERNATURAL by today's standards. The Messenger of Allah, Elijah Muhammad, delves so far into the most profound depths of wisdom when sharing with us what our God, in person, Master Fard Muhammad, had revealed, it makes you wonder about who is out there dormant and simply waiting to hear that particular word, sentence, paragraph or perspective that will make the light in or above their heads illuminate with Allah's voice communicating with them. In other words, it's not necessary to be mining Facebook, Twitter or Google+, etc, for revelation. It's being handed to you here.

Where mankind ' s history began impacts how our future will end! The biblical answer to the question: Were Adam and Eve real people or just generic references for all of mankind? Explains the connection between original sin and the gospel Emphasizes the importance of Adam and Eve as literal history to young and old alike When you unlock the door to biblical compromise, the door gets pushed open wider with each generation. The Church is now debating the validity of Genesis as actual history, the reality of hell itself, and even if Adam was a real person. Trying to change the biblical time-line to fit with the secular concepts of millions of years has led many in Christian academia to reject the literal interpretation of the Bible itself. Perfect for children, the book helps them discover the truth about the first man and woman, and how their disobedience led to the need for Jesus Christ.

In the Name of Allah and Muhammad. As Salaam-Alaikum. The Honorable Elijah Muhammad taught us that, The Holy Qur'an refers to it (Mecca) and the Bible refers to it, but these are signs of the coming of a nation that was hidden and lost, which God himself would go after in the last days. After finding that nation, choose that nation for Himself and take it and use it as a builder would in selecting stones or a foundation for a substantial building that he, intends to build. Also, He said, The sun is going down in the West. This teaching will raise a powerful sun of truth and the spirit of truth from this part of our planet by us whom God has raised up among us, no more will you look toward the East after this for a light of truth which the scientist of the East was not able to give you, it will come from the West. That will change the disposition of worship, you won't look to the West nor to the East nor North and South for the wisdom everywhere you go you will find it. -The Honorable Elijah Muhammad
